Opening dispensaries in two or three places in each taluk.

Mr. Veere Gowda, Dodballapur Taluk.

Summary of ~~representation~~ discussion.

The absence of medical help in villages is keenly felt and arrangements may kindly be made to open dispensaries in two or three places in each taluk with a midwife for each of them.

FIRST MEMBER.- If applications are received we will send them to the District Board and if they are willing to give their contribution the applications will be considered favourably by Government.

Mr. KARNICK KRISHNAMURTI RAO.- We are paying for Unani and Ayurvedic dispensaries ~~xxxxxx~~ from the District Board. In these respects District Boards do not lack behind. Government do not give any encouragement to local Pandits.

DEWAN.- There is a proposal for the reorganisation of the Ayurvedic system of medicine and when the finances improve we will take up this question with it. At present the progress must necessarily be slow. Rural Sanitation requires attention.
